Lockyer's Middle School

As a Rights Respecting School, children's rights are at the heart of our policies. We recognise, teach, practise and promote the rights of every child as outlined in the United Convention on the Rights of the Child.

Article 12: Children have the right to say what they think should happen, when adults are making decisions that affect them, and to have their opinions taken into account.

Article 13: Children have the right to get and to share information, as long as the information is not damaging to them or to others.

Article 17: Children have the right to reliable information from the mass media. Television, radio, and newspapers should provide information that children can understand, and should not promote materials that could harm children.

Article 29: Education should develop each child's personality and talents to the full. It should encourage children to respect their parents, and their own and other cultures.

- 3.1 Lockyer's Middle School will have its own careers programme in place which meets the requirements of the eight Gatsby Benchmarks. The programme will be reviewed termly against the benchmarks to ensure it remains on target.
- 3.2 The careers leader will be appointed to ensure the leadership and coordination of a high-quality careers programme. The careers leader is recruited alongside the suggested requirements to ensure the role is correctly fulfilled. The name and contact details of the careers leader will be published on the school website.
- 3.3 Details of the school's careers plan will be published on the school website inviting pupils, parents, teachers, governors and employers to provide feedback.
- 3.4 The Headteacher and Careers Leads will work with enterprise coordinators to build careers and employer engagement plans to broaden the range of guidance that pupils have access to.

4. Labour market information

The following section will consider the age, stage of education and careers needs of pupils within middle school.

- 4.1 The school will ensure every pupil, and their parents, has access to good-quality information about future study options and labour market opportunities.
- 4.2 The school will ensure pupils and their parents understand the value of finding out about the labour market, and support them in accessing this information. Pupils and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.
- 4.3 The school will make use of local enterprise partnerships to provide pupils with presentations and workshops on the local labour market and employer expectations. The information provided through the partnership will be used to shape career guidance and workshops in schools.
- 4.4 To support social mobility, the school will work to raise pupils' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes; arrangements will be made for pupils to talk to employees who work in non-stereotypical jobs to raise awareness of the range of careers that science, technology, engineering and maths (STEM) qualifications lead to.

5. Addressing the needs of pupils

- 5.1 The school's careers programme will aim to raise the aspirations of all pupils whilst being tailored to individual needs. The programme will inform pupils of the range of opportunities available to them, encouraging them to aim higher and make choices relevant to what they feel they can achieve.
- 5.2 All forms of stereotyping will be prohibited in the careers advice and guidance that is provided, to ensure pupils from all backgrounds, gender and diversity groups, and those with SEND, can consider the widest possible range of careers.

6. Targeted support

- 6.1 The school will work with Wimborne Academy Trust schools and Corfe Hills Upper School to identify pupils who are in need of targeted support or those who are at risk of not participating in post-16 pathways. Agreements will be made over how these pupils can be referred for support drawn from a range of education and training support services available locally.
- 6.2 The school will ensure that pupils understand the programmes available to support them and the financial costs associated with staying in post-16 further education.

7. Pupils with SEND

- 7.1 The school will ensure that careers guidance is differentiated, if appropriate, and based on high aspirations and a personalised approach.
- 7.2 All staff working with pupils will support them to develop the necessary skills and experience to succeed and fulfil their potential.
- 7.3 Careers guidance and experience will be tailored to pupils based on their own aspirations, abilities and needs.
- 7.4 The school will build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations. Pupils will be prepared for encounters with employers and provided with any special support that will allow them to benefit fully from the experience.

8. Curriculum

- 8.1 The school will work to encompass careers education and guidance into subjects across the curriculum. All teachers will be asked to support the career development of young people in their role and through their subject teaching.

- 8.2 The school will engage with local employers, businesses and professional networks, inviting visiting speakers, particularly alumni with whom pupils can relate to.
